

Alumni Survey

Please help! We need to know what our alumni are doing!

- ❖ Our faculty need to report what our graduates are doing when they apply for grants to support their research and teaching.
- ❖ Our current students would like to contact alumni to find out about the world outside of Colgate.
- ❖ Our prospective students want to see the wide range of careers pursued by Colgate physics concentrators.

Please help us construct this database by completing and returning this form to us. It should only take a few minutes of your time, and it's a great way to help current students and faculty for just the price of a stamp!

Name: _____ Graduating Class of _____ Major: _____
Current home address: _____
Phone: _____ Fax: _____ Email: _____

- 1) Please tell us about your current occupation and employer (if applicable).

- 2) If you have previously been employed in other fields, please briefly describe them.

- 3) Have you received any additional degrees after graduating from Colgate (e.g. professional degree, Masters' degree, doctorate degree, teaching, real estate, or actuarial credentials, etc.)? Please tell us when and where.

Degree	Year	Field of Study	Institution
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

- 4) Anything else you'd like to share? Feel free to brag, comment on the newsletter, share news about other alumni, describe a talk you could present at a physics colloquium, tell us the most valuable thing you learned at Colgate, volunteer to help students find jobs or internships, or just say "hello!".

Please tear out this page and fold so that Colgate's address is on the outside, staple or tape, attach a stamp, and drop it in the mailbox.

Or, you can reply by email to Diane Janney at : djanney@mail.colgate.edu. Many, many thanks!
